WG1-00 Document Control

Revision dated **2011-01-28**

Procedure for generation and control of WG1 publications

Any publications (print or web-based) must be reviewed and approved as defined in OP 06 and must clearly state the status of the publication as one of the following:

1. Document drafted or generated by a group of individuals selected by the Working Group, and not representing the official views or policy of ICNDT or the Working Group as a whole.
2. Document drafted or generated by the Working Group, approved by the full group and presented as the views of the group.
3. Publication of approved policy of ICNDT (requires PGP approval).

See [WG1-#](#) (document template) for creation of new publications
